About CoffeeGudda

CoffeeGudda is nature's surprise silently tucked away on the banks of river Somavathi. As the name suggests this is 20 acres of welcoming coffee estate with a river flowing adjacently, only to add to the beauty and tranquility of the surroundings. The place offers complete isolation from the busy city life which most of us desperately need.

CoffeeGudda has various options for avid adventurers as well as for those who prefer enjoying the nature without tiring their back. We provide comfortable accommodation at our home stay and the authentic malnad cuisine that caters to both vegetarian and non-vegetarian diets, ensuring that your taste buds are taken care of. It is considered to be one of the best homestay in Chikmagalur.

With the Kudremukha ranges lurking in the backdrop and numerous waterfalls dotting this area, the tea estate, the temple towns of Kalasa and Horanadu just make this 'a must see place' on your list. Listed top most among kudremukh resorts.
